

Stock No.552

## Knife type straight edge

- The edges of these straightedges are knife-edged.
- These straightedges can be applied to a workpiece straightly, so the straightness and flatness of the workpiece can be measured correctly.
- By lighting up workpieces, they can be measured more accurately.
- All models are hardened.

■ Dimensional drawing Unit : mm

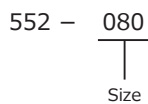

| 呼び  | L   | W  | T  |
|-----|-----|----|----|
| 80  | 80  | 23 | 7  |
| 100 | 100 | 24 | 7  |
| 125 | 125 | 25 | 7  |
| 150 | 150 | 25 | 7  |
| 200 | 200 | 30 | 8  |
| 250 | 250 | 30 | 8  |
| 300 | 300 | 32 | 9  |
| 400 | 400 | 35 | 9  |
| 500 | 500 | 40 | 10 |
| 600 | 600 | 40 | 10 |

Material : S50C

Package : Wooden box

### Configuration of stock number

| Product No | Stock No | Size | Straightness (μm) | Weight (kg) |
|------------|----------|------|-------------------|-------------|
| 46-080     | 552-080  | 80   | 1.3               | 0.14        |
| 46-100     | 552-100  | 100  | 1.4               | 0.16        |
