

Stock No.552

Knife type straight edge

Traceability can be issued.

- The edges of these straightedges are knife-edged.
- These straightedges can be applied to a workpiece straightly, so the straightness and flatness of the workpiece
- can be measured correctly.
- By lighting up workpieces, they can be measured more accurately.
- All models are hardened.

ℓ = Size

Straightness formula $\left(1 + \frac{\ell}{250}\right) \mu m$

Size	L	W	T
100	100	24	7
125	125	25	7
150	150	25	7
200	200	30	8
250	250	30	8
300	300	32	9
400	400	35	9
500	500	40	10
600	600	40	10

Material : S50C
Package : Cardboard Box

Configuration of stock number
