Stock No.561

Universal model

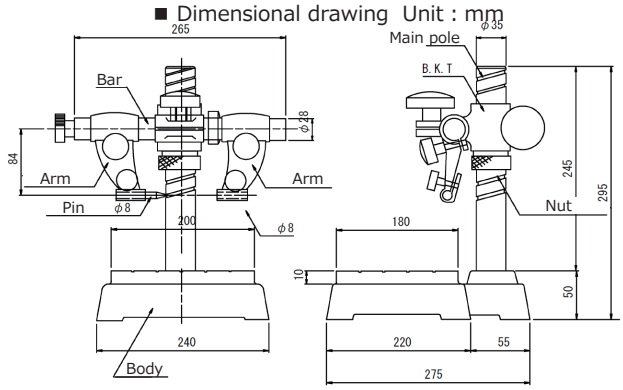
・These comparators can be used for comparative measurements of outside diameters of circular workpieces such as a gauge pin and piston ring.

・By using the attachment, these comparators can be used as vertical-type comparators.

Cast iron type

Granite type

■ Dimensional drawing Unit : mm



Material : 561-U Cast iron(Body, Arm, B.K.T.), S50C (Table)
561-UG Granite (Body), Cast iron (Arm, B.K.T.)
Package : Dedicated storage box

Configuration of product code

561 – U

U → Cast iron
UG → Gtanaite

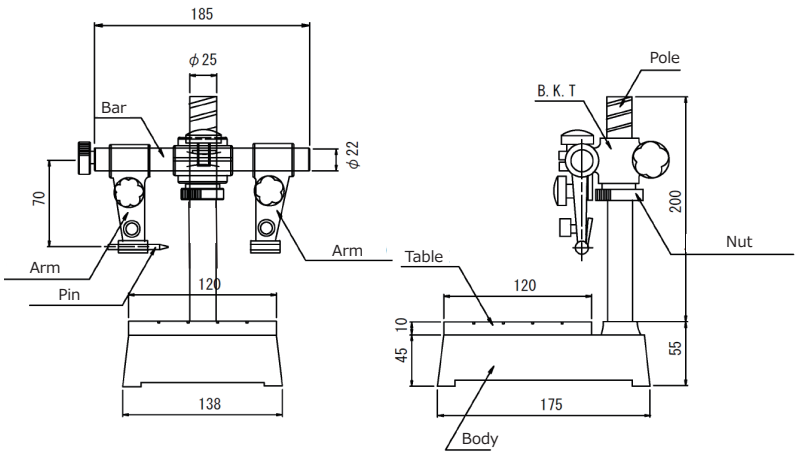
Product No	Stock No	Bed size (mm)	Pole (mm)	Bar (mm)	Flatness (μ m)	Weight (kg)
53-1-1	561-U	200 × 180	φ 35 × 245	φ 28 × 265	5.0	16
53-2-1	561-UG	230 × 210				

Stock No.561

Universal small model

・Compared with the universal type, this comparator is smaller in size.
It is useful for comparative measurements of small-diameter workpieces.

■ Dimensional drawing Unit : mm



Material : Cast iron (Body, Arm), S50C (Table)
Package : Dedicated storage box

Product No	Stock No	Bed size (mm)	Table size (mm)	Pole (mm)	bar (mm)	Flatness (μ m)	Weight (kg)
53-3-1	561-US	175 × 138	120 × 120	φ 25 × 200	φ 22 × 185	5.0	6
